

# MENA-EX 2010

MENA-EX is a mining show supported by the Ministry of Petroleum & Mineral Resources, the Saudi Geological Survey (SGS), Austrade and the South African Department for Trade & Industry. It offers the best opportunity for companies to expose, endorse and promote their products and service offerings to the Middle East region. It is envisaged that 130 companies from the Middle East and around the world will exhibit at this show. The web link is [www.mena-ex.com](http://www.mena-ex.com)

**Venue: Jeddah, Saudi Arabia**

**Date: 24 – 26 January 2010**

Other events taking place within these margins:

- Investment Seminar - 23 January 2010 in Riyadh, Saudi Arabia
- South Africa-Saudi Arabia Business Council – 23 January 2010
- Site visit to the Economic Cities of Saudi Arabia - 27 January 2010 (*for participating South African companies*)

The Kingdom of Saudi Arabia offers opportunities in the mining sector driven by the quest to diversify its economy by investing massively in previously underdeveloped non oil mineral recourse industry. It is one of the world's 25 largest economies and 16th in easy to do business.

With the modern mining code, transparent mining process going from exploration to prospecting licenses and full foreign ownership it has potential of becoming the next mining power.
